UNCLASSIFIED

Hi David and Andrea

I am very pleased to confirm that I will be admitted into the legal profession on 8 February 2019. Please find attached two emails: one confirming that my admission application has been approved, and one confirming my admission ceremony date. Thank you for your patience with this.

Sending my best to you both over the Christmas and New Year period.

Warm regards

Rohan

UNCLASSIFIED

Hi David and Andrea

By way of further update on my College of Law completion:

- In total I need to have completed 75 days of work experience (at least 15 of these hours must be done concurrently with College of Law studies).
- I have already been approved for 60 days of work experience during my time working for a private firm, leaving 15 days which need to be approved with the FCA.

- David and I discussed that the quickest and simplest way for this to be done is by Michael Wall signing off on my work experience as my supervisor (as somebody who holds a full practising certificate).
- I will amend the work experience timeline in my documentation, so that I limit it to work I did with the NSW Registry during my College of Law studies, even though I held a concurrent SLCM role with the NOR team at the time.

In essence, as discussed with David, I will ask Michael to sign off on the 15 days of work experience (required for me to get my completion certificate from College), and will limit this experience to the month of September (as I started College in late August, and started my new role in early October). Please let me know if you have any questions.

Kind regards

Rohan

UNCLASSIFIED

Hi David (and Andrea)

I've now finished all of my College of Law assessments (woohoo)! However, to formally

Attachment to document 03
Disclosed under FOI

'complete' the College of Law, I need the **two attached documents** signed by my supervisor. David, are you please able to read and sign these documents when you get the chance? I'm happy to discuss them with you should you require.

After receiving these signed documents, I can submit them to the College of Law, and then will be able to apply for my admission ceremony. I note that the admission ceremony is on a 'first come first served' basis, and so the sooner I submit these documents the better. I have cc'd Andrea to keep her updated with the progress of my admission.

Enjoy your weekend!

Kind regards

Rohan
